

1029 mv what\ are\ the\ sarta\ predictor\ set\ for\ Radiative\ transfer.pdf sartafile1.pdf
 1033 mv sure\ cloud\ scattering.pdf sartafile2.pdf
 1034 mv what\ are\ the\ predictors\ that\ sarta\ uses.pdf sartafile3.pdf
 1035 mv Yes.pdf sartafile4.pdf
 1037 mv Yes.pdf sartafile5.pdf
 1038 mv yes.pdf sartafile6.pdf
 1039 mv yes.pdf sartafile7.pdf
 1040 mv So\ basically\ SARTA\ uses\ the\ fixed\ gas\ predictors,\ ozone\ predictors,\ water\ predictors\ as\ main\ inputs_\ And\ then\ builds\ the\ optical\ depths\ and\ then\ does\ the\ radiative\ transfer.pdf sartafile8.pdf
 1042 mv Jacobian\ weights.pdf sartafile9.pdf
 1044 mv Have\ you\ shown\ me\ all\ predictor\ sets.pdf sartafile10.pdf
 1045 mv Water\ vapor\ predictors\ and\ ozone\ predictors.pdf sartafile11.pdf
 1046 mv Sure.pdf sartafile12.pdf
 1053 mv Are\ the\ water\ vapor\ continuum\ predictors\ the\ same\ as\ the\ ones\ for\ water\ that\ you\ showed\ above.pdf sartafile13.pdf
 1054 mv yes\ combine\ WV\ with\ continuum.pdf sartafile14.pdf
 1027 mv what\ are\ the\ sarta\ predictor\ set\ for\ Radiative\ transfer_\ Only\ linear\ ones.pdf sartafile15.pdf
 1028 mv But\ I\ don\ think\ they\ have\ many\ cubic\ ones.\ A\ few\ squares\ or\ square\ roots.pdf sartafile16.pdf
 1029 mv Sure.pdf sartafile17.pdf
 1030 xnw ughhh

Contents

sartafile1 : what are the sarta predictor set
 sartafile2 : cloud scattering
 sartafile3 : predictors for fixed gases
 sartafile4 : math polynomial string generic fixed gas preds
 sartafile5 : convert ODs to TOA rads including tracegases
 sartafile6 : analytic jacs
 sartafile7 : compare to eg LBLRTM
 sartafile8 : core engine of SARTA
 sartafile9 : jacobian weight matrices
 sartafile10 : all other predictor sets overviews
 sartafile11 : WV and O3 predictors
 sartafile12 : SWIR SARTA
 sartafile13 : More on WV continuum 1
 sartafile14 : More on WV continuum 2
 sartafile15 : Hmm, what are the linear predictors
 sartafile16 : bit I dont think they use more than quadratic predictors
 sartafile17 : how does sarta handle extremes
